Well, things certainly have been interesting since entering the 21st Century. At any rate, the RMG Prez has recently begun a new job in retail, which is taking up much of his current time - so any planned updates to the site and to the Wizardry section have been delayed until after the holidays.

Our 1st VP continues her studies at Westminster Choir College, and our 2nd VP has recently purchased a home in the City of Brotherly Love.

Look for the rest of our AOL web pages to be converted to Homestead in the new year, as well as the completion for the main walkthrough and maps of the first Wizardry Scenario. Site changes will be noted on our Update page.

Happy Holidays and at the much determined risk of not being P.C.

**Merry CHRISTMAS!!!!**

We now have a Contact Us form so anyone can now contact us through e-mail once again, and we can avoid the spammers.

Due the below mentioned problems, and now due to the amount of spam we have to wade through for our e-mail accounts, we can only be contacted by snail mail at the address listed in the Contact Info section (Under the Welcome Link to the left) or through either the member application or shirt order forms. Sorry for the inconvenience, but this has become necessary because of the abuse

people make of the internet.

Due some personal problems that have cropped up, we will be temporarily suspending most of our operations for the time being. Any applications or e-mail will be attended to as much as we can. Shirt Orders will still receive priority, but no more shirts will be produced, so only the remaining stock of Millennium 2001 shirts are available to order. We thank everyone for their support over the last few years and hope we can resume our normal operations, and expand sometime in the future.

Things have been all quiet on the home front (relatively speaking). Been busy keeping the bowling center web site up to date, and dealing the the day to day business there, as well as getting our new auction section of the site going. Rest assured, we are not going anywhere, and within the next year or so will be getting our non-profit status and all that taken care of -- I would really like to be able to start taking tax deductible donations, so I don't have to keep paying all the advertising and stuff out of pocket and can get some scholarships and other beneficial programs going.

Appearances: All three officers will be appearing at the AC/DC concert in Philadelphia on May 5th. ROCK ON!!

If Mercer County will be running the two day Ren Faire in May again, we will definately be there as well.

There will be various other appearances not firmed up yet, check back to see who and when!

News: We would like to welcome our first official Canadian member from Ontario. That gives us a total of two whole international members. Thanks for your support guys!!! I'll be working on updating

the member map in both communities to reflect our new northern international.

That's about it for now. Thanks to everyone who has supported us in the past, and continues to support us through the new century and millennium.

Just a quick (belated) note to wish everyone a Happy New year, Tech Decade, Century, and Millennium!!! We have been, and will be, taking some much needed R&R for the next couple of months, so please excuse our lateness in updating the site or responding to any e-mails or messages we receive.
